Powerful and Reliable Electrical System

The M15's electrical system is designed for challenging conditions with Victron Energy components. Equipped with a 1600W MultiPlus inverter, it ensures uninterrupted power. Experience modern comfort, even off the grid!

Unstoppable with AT Tires and DOTZ Wheels

The perfect harmony of AT off-road tires and DOTZ Dakar wheels equips the M15 for any terrain. Built for adventure, it delivers unmatched durability and style.

VentureRack Roof Platform

The "VentureRack" roof platform is engineered to seamlessly integrate with the M15's roof. It accommodates a variety of rooftop tents, camping gear, and leisure accessories, offering unparalleled versatility and convenience for every adventure.

Redesigned Kitchen for Ultimate Convenience

The newly designed U-frame kitchen offers more space with a stainless steel countertop, new sink, and foldable shelves. Compact yet functional, everything you need is within reach!

270-Degree Awning for Maximum Comfort

The 270-degree awning, positioned over the kitchen, creates up to 20.5m² of covered space with additional walls. Enjoy unmatched comfort and protection in any environment.

Molle Panel System for Customization

The M15 now features Molle panels inside its doors, allowing you to attach your preferred accessories. Stay organized and prepared for any adventure with this versatile system.
